

## 5th-7th Memory Work Schedule, Quarter 1

Students recite memory work 3 times a week, Mondays, Wednesdays, and Fridays. Generally, students will say 2 Bible passages and either 1 hymn or part of Luther's Catechism each week.

- ★ We learn Bible passages so that we will "always be prepared to give an answer to everyone who asks you to give the reason for the hope that you have." (1Peter 3:15)
- ★ We learn sections of the Catechism so that we understand what the Bible teaches, which is the foundation of what we believe.
- ★ We learn hymns to remind us of timeless truths that are revealed in God's Word.

Students are expected to faithfully and diligently learn their memory work **before arriving at school**. Students will say their memory work at the door. If they are unable to say it then, they will say it at recess.

## Suggestions to Help You Learn Memory Work!

It's important to learn how *you* memorize memory work. Different things work for different people. Try out these techniques below to work on your memorization skills.

- Write out the memory work on a whiteboard. Recite the passage multiple times, but erase a word or phrase every few times until all the words are gone!
- Write words or phrases of the memory work on index cards. Practice putting the words and phrases in order.
- Write the memory work on top of a piece of paper. Fold the sheet down, covering up the words. Try writing the memory work for memory, only unfolding the sheet for hints. Keep folding and writing until the paper is all folded up.
- Say the memory work to every member of your family!
- Try setting a melody or beat to the memory work.
- Record yourself reading the memory work out loud. Play back the recording and try to recite it without looking.
- For hymns, listen to the song or memorize it while singing the melody.
- Break the memory work into sections by writing slashes in between phrases. Learn each section well before moving on. Adding actions to each section will help even more!
- Think of pictures while you are memorizing. When you read the memory work, do any pictures come to mind from the words? If you think of the memory work as pictures that are part of a story, it can help you remember the words better.
